

Julien S.A. Wray

Boca Raton, FL

1-814-969-0026

JWray@larsontexts.com

Julien S.A. Wray is a National Education Consultant with Big Ideas Learning. He travels primarily along the East Coast, conducting presentations and workshops for district leaders and teachers so that students are able to experience success with mathematics through highly engaging instruction.

Prior to joining Big Ideas Learning, Julien served as the President and C.E.O. of LYFE Management Group; a public relations, advertising/marketing and business management firm. A proud graduate from Florida International University (Music & Academic Scholarship Award Recipient), he was a former educator and administrator for the 4th and 6th largest school districts in the United States for over 10 years. Julien developed a wide background in leadership, administration, and strategic planning throughout his professional career.

Julien holds a Bachelor of Science in Education from Florida International University with a certification in Specific Learning Disabilities. He received other formal education from George Washington University in Human Resources.
